

Sunroof

Glass and Sunshade Replacement

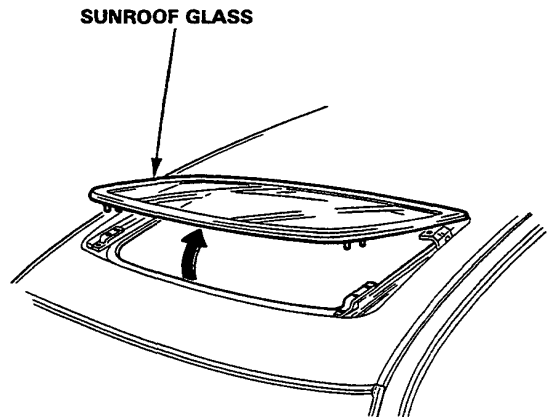

1. Slide the sunshade all the way back.
2. Pry the plug out of each bracket cover, remove the screw, and slide the cover off to the rear.

3. Close the glass fully.
4. Remove the mount nuts from front and rear mounts on both sides.

5. Remove the glass by lifting up and pulling forward as shown.

6. Remove the sunshade as shown.

NOTE: The sunshade may be bent slightly to ease removal.
