

Front Bumper

Replacement

1. Remove the side marker lights and front turn signal lights.
2. Remove the fog lights or lids.
3. Remove the 2 bumper lower mount bolts and the 4 bumper mount bolts.
4. Disconnect the headlight washer hose.
5. Remove the bumper by sliding it forward.

If necessary:

6. Remove the bumper brackets by removing the bracket mount bolts.
7. Remove the screws, then remove the mud guards.
